目录

第七讲、厄密算符的性质

前情回顾

- 波函数描述体系的状态
- 算符给出体系的物理量
- 力学量算符是线性厄密算符

Temporary page!

LaTeX was unable to guess the total number of pages correctly. As there was some unprocessed data that should have been added to the final page this ext page has been added to receive it.

If you rerun the document (without altering it) this surplus page will go away, because LaTeX now knows how many pages to expect for this document.
